### **STI-CO RECEIVES ISO/9001:2000 AND LEAN GRANT**

The NYS Dept. of Labor awarded **STI-CO Industries, Inc.** a grant for ISO 9001:2000 the international standard for quality and also for LEAN MANUFACTURING training. STI-CO manufactures antennas for two-way mobile radios. The grant provides in-depth training for ISO certification and LEAN MANUFACTURING techniques. STI-CO is positioning itself to compete as a world class manufacturing company. This strategy demonstrates STI-CO's commitment to the market and dedication to our customers in providing quality products and service.
